Nancy De Winkler

Nancy Lee.

Every year it is the same thing. I can never think of what I really want to say and then put it down on paper. But I think you know. It really has been wonderful these days going to school with you, and just think! One more year of it all. I'll never forget all the things we have done together both in school and out of school. Remember last summer when "Bucky" & "Mush" came up and what a time we had that night. Flat Tire and all - Then remember all the band trips we went on and what fun we had. - Never forget how we almost ran the teachers crazy. Especially Miss Aker & Miss Lowder. (When we'd sit in one seat together & not move - then when we'd echo each other saying "Coo-choo") And Nancy Dee! Always remember what good times we had double-dating together. And then how we would spend the night with each other and stay up practically all night talking. Oh! those were the days and they still are. I sorta hate for school to be out because I know that we won't be seeing each other very much, and we won't get to double-date together. But anyway, we will still have another year of stomping around at Ole AHS. - Now, I'll get on ~~the~~ another side of the story! Really, Nancy Dee, you are the best friend a girl could ever have. There isn't a sweeter girl in this world, I know this may sound like a lot of "doo-doo" but I really mean it from the bottom of my heart. So here's saying good luck and happy hunting for another year. - Just think - next year I'll be sitting here & you over there writing for the last time in an annual. Oh! Well, let's not think of such things as that now - Laugh, be happy and the world is yours. "Goo-bye" for now - "TIGER"

Foreword

How often we have heard that, "your high school days are the happiest days of your life." In realizing this, we have tried to capture into pictures and print some of the things that make A.H.S. so dear to each of us. We sincerely hope that this volume will serve as a reminder of these memories which are indelibly stamped upon the minds of us all.

Kim Miller

DEDICATION

To Mr. Blanton, in sincere appreciation for making our band one of the best and for all you've done for us and A.H.S., we, the Senior Class of 1953, respectfully dedicate this volume of the "Laurel."

You're a great guy, "Butch."

"Laurel"

Nancy,
It has been
loads of fun being
in school with you. It
doesn't seem possible that we
just have one more year to go. I
hope that your senior year will
be the happiest yet. Good luck.

Prophecy

There I was, floating around in space 10,000 feet above the earth, when suddenly a bird dog flew by, a rubber band struck up "Dixie," a little man oared by in a row-boat, and **something** made me think of my Senior Class.

By this time, Pat Aldridge, who founded and is president of the INTRA-PLANETARY BABY-SITTING AGENCY is doing a thriving business with the parents on Mars.

Two years after graduation, Kermit Ashley won the National A.A.U. Wrestling Championship, and is now managing the "Four Wey Sisters," world famous girl wrestling team.

Collis Austin is now sound effects man for "Elsie, the Borden Cow Show" on WATA, which now is the Mutual Broadcasting System. Incidentally, for a good case of nostalgic pathos, tune in every third Wednesday evening for Beth Eggers singing "That Old Gang of Mine," accompanied by Betty Sue Norris and her one-woman orchestra, consisting of a piano, flute, and fourteen magic fiddles.

Lucille Cox and Joan Winebarger are literally setting Paris on fire as two of the top dancers in the "Folies-Bergeres." They live on the left bank of the Seine with their little poodle, Fifi. Their next-door neighbor is Robert Dotson, who has been studying art in gay Paree since 1955 and is now a world-famous artist in the abstract.

Joan Brookshire has been leading the Navy Band for several decades and she is really giving the Admirals a fit!

IN THE WORLD OF SPORTS, Jim Brown and Bob Ray are now managing the A.A.A. (Aho Athletic Association.) Jim Idol, "The Deep Gap Flash," still holds the Olympic Track Title and insists on breaking his own record every year.

Jimmy Cline is the nation's top jockey, having ridden the great horse, "Mackie-doo," namesake for his owner, Mac Wellborn, to victory, time after time.

Charles Taylor has turned his fifteen sons into a dynamic football team which is undefeated, to date.

Joy Brown won the part of Billie Dawn in

"Born Yesterday," previously done by Judy Holliday, and is giving inspiring performances in the illegitimate theatre.

Clara Carlton and Evelyn Haynes are top-notch saleswomen at Saks Fifth Avenue. They got their experience in the "Rec. Room."

A new shock-absorbent drum head has been patented by Connie Casey; while in the field of Chemistry, Dick Lavendar has introduced his new "liquid wood" and sells it in bottles by the gross.

Mildred Jones, Mary Clawson, and Lillie Lyons joined forces to revise Gregg's Revised Shorthand Method.

Jane Rivers and Armfield Coffey, Democratic and Republican National Committee Chairmen, respectively, killed themselves recently when James Phillips, Communist candidate won the presidency.

FLASH—Martha Colvard and Jeanette Cooke, co-owner of the great chain of Crest Stores won their law suit against Don Miller and Charles Winkler, owners of the new, improved Bark. It seems that the girls complained of the unpleasant odors being sent this way by the Blowing Rock, which were spoiling the refined atmosphere of their dime store.

Yvonne Bodenheimer and Mary Jon Lanning are the new ambassadors to Russia, and they have frequent conferences with Mrs. Joe Stalin.

Polly Anne Cox is Washington's leading socialite and at her famous parties are often seen Senator James McKinney, Congressman Albert Greene, and Secretary of State Melvin Greene.

Nina Mae Culler and Mary Nell Greer have revolutionized the dressmaking industry by inventing a new, supersonic sewing machine.

Betty Jean Edminsten, having been swept off the west coast by a Florida hurricane and having landed on a remote South Pacific island, daily feeds the whales on Gene Honeycutt's addition to the dieting standards, "Tasty Tidbits for Tiny Tadpoles."

Mary Lee Edminsten is the new boys' basketball coach at A.S.T.C.

Jime Graham, a millionairess interior decorator, now has a thriving business, most of her profits coming from an annual remodeling of the Taj Mahal and the White House.

Patsy McGuire finally married "Besse," and she is now busy raising a new brand of Mongolian Idiots.

The nation's leading novelist is Sevilla Gold. Her latest best-seller a book on good grooming.

Guy Hunt has replaced Al Capp in the world of cartooning and is proclaimed the greatest in his field.

Bill Hunter has just bought Florida, and we hear that he's trying to give it back to the Spaniards.

Guess what!! Phyllis Johnson, the new head matron of the girls' dorm at A.S.T.C., is the most lenient yet she lets the girls stay out until the scandalous hour of 10:14!!!!

Mayview Manor has recently been purchased by Bill Jones. Frequently seen dining there are Nancy Winkler, Nancy Jane Norris and Betty Jo Smith, and their husbands.

Jean Keplar is Chief-of-Police of Rhode Island—she patrols all the highways every morning.

The new co-owners and publishers of "Country Gentlemen" are John Norris and Arvil Greene.

In case you've noticed the new buses which can sprout wings (weather permitting) it's all due to J. E. Greene, who now owns the Bird Dog Bus Corporation.

Faye Greene's latest record, "Let Ol' Mother Nature Have Her Way," has just sold two million copies. Ala Hodges, world renowned music critic, proclaims it the greatest record since "Shot-Gun Boogie."

Geneva Norris and Clara Parlier have just stacked up a cool million from their business, the Tidy Didy Diaper Service.

Shirley Sherril has just been named the first

woman four-star general, largely through her explanations of various military tactics.

Tarzan has had a new mate in the movie serial for years. It's Corinna Shull and she's the biggest box-office attraction since "Bitter Rice."

The literary world has plumb forgot Shakespeare's Romeo since Bill Talbert hit the stage. He's the greatest lover yet!

The newest rage on color TV is Nina Ruth Watson. That red hair really goes over great.

Peggy Klutz, Howard Hughes' latest discovery, has made thirteen movies in the past fourteen weeks.

Wedding bells are ringing for the fourteenth time for Shirley Lingerfelt, the new "Dagmar" of stage and screen.

Pauline Miller and Sylvia Moretz are now two very efficient secretaries to two Wall Street brokers.

Sara Miller, who was always diplomatic in her high school days, has been named mediator between the A.F.L. and the C.I.O.

Harbin Moretz has, for some years been Commander-in-chief of the Universal Military Training Program.

Anna Mae Taylor and Barbara Winebarger went broke last week when their dandelion crop failed. James Vannoy and Ted Townsend have taken option on their flower-growing business and are going to try their luck at alfalfa.

Clara Teague and her missionary husband have converted a million infidels to date.

Peggy Teague is now a brilliant concert pianist. She gives nightly concerts at Carnegie Hall.

Margret Watson is commissioner of Motor Vehicles and on the side helps manage Joan Welborn's fleet of race cars.

Helen Hardin is now managing the State Farm, and her motto is: "Better bulls for Bernard," (and we don't mean Baruch!!!!)

Don't laugh—it **may** happen to you!!!

Class History

When one hundred and sixty eighth graders began their "careers" at A.H.S. on a bright sunny morning in September of 1949, little did we realize that the years would pass so rapidly and we would be Seniors before we knew it.

Throughout our Freshman year we were plagued with algebra tests, going on paper drives to raise funds for our Junior-Senior, and just becoming completely adjusted to high school life in general. That year, our entire class went to Mt. Mitchell at the close of the school year for a class picnic. Ah yes, times were never better.

During our Sophomore year, our class made a liberal contribution to the athletic teams of A.H.S. The Sophomores on the football team were already showing some inclination as to what we would do in the years to follow, and in our Senior year we certainly weren't disappointed. We were aware of the fact that our Junior-Senior wasn't far off, and we shifted into high gear and raised additional funds for the affair by continuing our paper drives and sponsoring several dances.

Being a "Jaunty Junior" wasn't quite what it was cracked up to be. Most of the more fortunate members of the class struggled through and passed English III under Miss Theo Wells, whom we shall all doubtless remember. The Halloween Carnival that we sponsored was most successful, thanks to the untiring efforts of the entire class and faculty. When the Junior-Senior Banquet was presented, with the banquet at the college cafeteria and the dance at the high school gym, we all felt that all our efforts had not been in vain. The theme was "Garden in the Rain." We actually found time to participate in other things besides class activities and we were rather proud of some of our fellow classmates for receiving several honors. Harbin Moretz was co-captain of the boys' basketball team, and was also co-captain of the football squad. Joan Brookshire was elected Homecoming Queen for the year of 1951 by the student body.

And now, as we are approaching the climax of our years at A.H.S., we do so with both anticipation and reluctance . . . reluctance to leave that which has been instrumental in the molding of our personalities and anxious to see how we can apply that which we have learned. Well, it's been real!!!

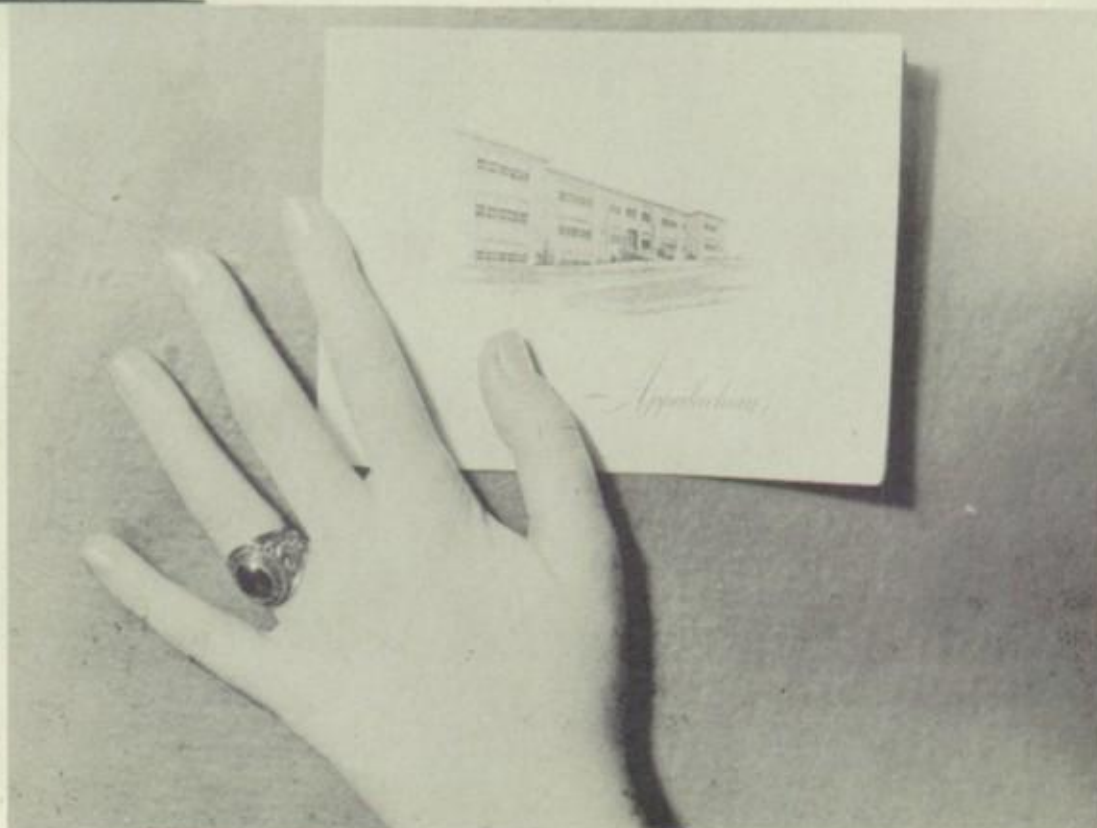

"The moving finger writes, and having writ, moves on."

"Ah! What fools we Seniors be!"

"Happy memories -- when the money for the Junior - Senior was first and foremost with us and decorating for dances was a necessary evil."

"Class ring ---- invitation ---- symbols of graduation."
